VICSA SAFETY COMMERCIAL LIMITADA

EC Directive 89/686/EEC EC Type-examination

Issue 1.
PPE Product

STEELPRO by VICSA SAFETY Style 8100 hooded coverall, manufactured using a yellow polypropylene substrate with a polyethylene coating, with sewn & taped seams, elasticated ankles, wrists, hood & waist, a zip front closure covered by a full length double storm flap fastened by double sided tape, available in five nominal sizes: S to XXL.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the relevant requirements

of the harmonized standards:

EN 14605:2005 + A1: 2009 (Type 3 & Type 4, limited life, full body chemical protective clothing with liquid-tight & spray-tight connections);

EN ISO 13982-1:2004 + A1:2010 (Type 5 Limited life, full body chemical protective clothing against solid particulates);

EN 14126:2003 (Types 3-B, 4-B & 5-B: Limited life, full body protection clothing against infective agents);

EN 1149-5:2008 (Protective clothing - Electrostatic properties - Material performance & design requirements) for electrostatic dissipative protective clothing with a charge decay, shielding factor, $s > 0.2$.

In addition with one exception the PPE satisfied the requirements of

EN 1073-2:2002 (Protective clothing against particulate radioactive contamination - Non-ventilated clothing) with a performance classification of TIL Class 1. The exception is that clause 4.2 specifies that the minimum puncture resistance should be level 2, but the fabric used has a puncture resistance classification of level 1.

The manufacturer's information notice (STEELPRO by VICSA SAFETY, Style 8100, instructions for use), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file: GB14/92268, Issue 1, Rev. 0 with Supplement No. 2, Issue 1, Rev.1.
